

Route 26 Casa Cantiga holiday resort mountainbike Lagoa do Cao - rio maior salinas - heavy

www.casacantiga.eu

You will pass the Serra dos Candeeiros 2 times! Almost 1200 height meters with many unpaved and rocky trails You first will climb via beautiful trails to Vale Ventos. Cross a huge stone winning area and continue up top of the Serra along many windmills going down until there is no Serra anymore. You will pass the salt pans of rio Mario and turn back on the east side of the mountain. Enjoy some 10 km relatively flat tracks and go up to pass the Serra for the 2nd time. Pass by Vale Ventos and use the normal road to "fly down". Congrats you are almost home. Enjoy the last km's unpaved forest roads until Moleanos. Cross the IC2 and smile when you see Casa Cantiga!
